Hi Rhiana,

WLWB's IR #54 is for all Parties and reads: "Provide feedback on proposed revised Workplan and Hearing dates". The TG's response is as follows:

The TG supports the proposed revised work plan and hearing dates. We note that we require an on-site Traditional Knowledge session with elders prior to snowfall to inform our intervention. Covid restrictions are making this difficult, however we continue to work on creative ways of making this happen so that we can submit an intervention that is meaningfully informed by Traditional Knowledge.

Thanks,

Patty Ewaschuk
