Subject: Re: Ekati - Point Lake Project - Information Requests and draft Work Plan Revisions
Date: September 11, 2021 3:16:40 PM

Hi Rhiana

As we mentioned at the Workshop, we see the best value of deferring the Hearing by 2 weeks to be providing Arctic and IGOs additional time to complete the engagement and TK work that was committed to during the workshop as opposed to spending likely a substantive amount of that 2 weeks on another exchange of written comments and responses. This remains our preference.

That said, we do not see zero value from the additional written exchange we will meet the workplan deadlines if that written exchange remains.

Thanks.

Eric

Dzę tanı hǫizı, (Good afternoon),

The Information Requests (IRs) resulting from this week's Technical Workshop for the Point Lake Project Type A Water Licence Amendment and Type A Land Use Permit Applications can now be viewed using the link provided below. The thoughtful and helpful discussions and participation provided by Parties is appreciated. As outlined in the current Work Plan, all information requested must be submitted by September 10, 2021.

- Information Requests

Please see the linked Draft Revised Work Plan which includes potential changes including:

- Additional of a Public Review for the Information Request Responses (two weeks review and one week response time);
- Moving the Public Hearing dates two weeks later and an additional day as contingency;
- Reduced time for submission of Public Hearing Undertakings (from 11 days to 7 days);
- Extended time for Reviewer comments on Draft Licence and Permit(s) to account for the holiday season; and
- Reduced time for Applicant comments on Draft Licence and Permit(s) (from two weeks to one week);

As per IR #54, all Parties are to provide feedback on the proposed revised Workplan and Hearing dates. Please provide this IR Response via email to Rhiana Bams.

Please do not hesitate to contact staff with any questions or comments.

Masì,

Rhiana Bams, M.Sc.
