Dear Helga,

Re:Land Use Permit Application: G12Q002 Tsiigehtchic (Red River Inc. Band Ltd), Quarrying at KM126, Frog Creek, Dempster Highway

We have reviewed the above application against our heritage databases. At present the GSCI does not have any heritage concerns with this application.

As with any application, if archaeological or heritage materials are encountered during the development within the Gwich'in Settlement Area, all work must cease immediately as required by law, and the GSCI and the Prince of Wales Northern Heritage Centre in Yellowknife must then be contacted.

Sincerely,

Sharon Snowshoe
Executive Director, GSCI
