*Re: Extension of Land Use Permit G12Q002, Quarrying at Frog Creek*

Ms. Dobson,

The Gwich'in Land and Water Board has granted your request to extend land use permit G12Q002 (received April 3, 2013). G12Q002 will now expire April 30, 2015. The conditions, originally attached to the Permit, will continue to apply.

The Board would like to point out that Land Use Permit G12Q002 is only valid in conjunction with a valid quarry authorization from GTC Lands and Resources. **Please make sure to get a quarry authorization from GTC Lands and Resources before excavating and removing pit run at Frog Creek.**

Please note that it is a requirement under the permit to **contact the inspector at the Department of Aboriginal Affairs and Northern Development Canada in Inuvik (867) 777-8900 and GTC Lands and Resources (867) 777-7900 at least 48 hours before work at the quarry begins.**

Your continuous compliance with the terms and conditions of land use permit G12Q002 will be appreciated.

If you have any questions, please do not hesitate to contact Helga Harlander at (867) 777-6622 or [h\\_harlander@glwb.com](mailto:h_harlander@glwb.com).

Yours sincerely,

Leonard DeBastien  
Executive Director
