Subject: RE: Community Consultation for James Creek Highway Maintenance Camp

Hi: Arvind

I want to inform you that I met with the Hamlet mayor and councillors to present the community consultation for James Creek Highway Maintenance Camp at the Hamlet meeting yesterday evening. Also in attendance was Johnny Kaye from the FortMcPherson Band; Peter J Kaye with the Gwichin Renewable Council and some people from the community. There were no major issues with the application for the land use agreement. The only concern was from the Hamlet in regards to dumping fees at the community dump.

Bruce Krutko
DOT, FortMcPherson
