**Re: Issuance of Amended Type "A" Land Use Permit G14E002
(Erosion Repair and Drainage Control, km 178.1)**

Mr. Hossain,

The Gwich'in Land and Water Board (GLWB) met on October 30, 2018 and has approved the above amendment application to extend GNWT Department of Infrastructure's (INF) authorized work area at km 178.1, for the purpose of erosion repair and drainage control activities. Land Use Permit G14E002, Condition 6 has been amended to allow this work to take place. The permit expiry date of May 24, 2019 continues to apply.

Prior to the commencement of the above land use activities, INF shall submit to the Board the following:

1. A **Contractor Execution Plan** that clearly describes:
 - a) Detailed methods that will be undertaken to perform the reclamation work at km 178;
 - b) Potential environmental impacts associated with the proposed work; and
 - c) Mitigation methods that will be used to address the potential impacts identified in b)
2. An updated **Spill Contingency Plan** that includes site-specific details, accurate response and reporting requirements, and updated contact information; and
3. A **Sediment and Erosion Control Plan** that clearly describes the best management practices that INF intends to employ in order to mitigate the potential for erosion and sedimentation into the Rengleng River.

Should you have questions regarding this file, please contact AlecSandra Macdonald by email at amacdonald@glwb.com or by phone at (867) 777-4954.

Your cooperation with the terms and conditions of the Land Use Permit is appreciated.

Sincerely,
