Dear Bonnie,

Re: Land Use Permit Application– G15H001 Fuel Storage, Gwich'in Wellness Camp

The GSCI would like to offer the following comments regarding this application. With the initial applications in 2008, the GSCI was concerned that an archaeological assessment was not conducted prior to the construction of the camp. GSCI recommended a post-impact archaeological assessment, if considered appropriate by the Territorial Archaeologist.

As with any application, if archaeological or heritage materials are encountered during any development activities at the camp, all work must cease immediately as required by law, and the GSCI and the Prince of Wales Northern Heritage Centre in Yellowknife must be contacted.

Sincerely,

Sharon Snowshoe
Executive Director, GSCI
