Re: Application for Type A Land Use Permit (G16Q004) - Deemed Complete

Mr. Gully,

Please be advised that the above Land Use Permit application – which was received by our office on May 4th, 2016 – has been deemed complete as of today. Your Application will be processed under paragraph 22(1)(b) of the Mackenzie Valley Land Use Regulations (MVLUR).

Within forty-two (42) days of the date of this letter, the Gwich'in Land and Water Board will take one of the following actions:

1. Issue a Type A permit, subject to any conditions included under subsection 26(1) of the MVLUR;
2. Order, under section 24 of the Mackenzie Valley Resource Management Act (Act), that a hearing be held or further studies or investigations be made respecting the lands proposed to be used in the land-use operation;
3. Refer the Application to the Mackenzie Valley Environmental Impact Review Board (MVEIRB) for an environmental assessment under subsection 125(1) of the Act; or
4. Where a requirement set out in section 61 or 62 of the Act has not been met, refuse to issue a permit.

The application will be circulated for public review, and comments on the application will be accepted until May 26, 2016, at which time your organization will have an opportunity to respond to any recommendations or concerns.

Please note that a valid Quarry Permit, issued from GNWT Department of Lands, will be required prior to the issuance of a Land Use Permit by the GLWB.

Should you have questions, please feel free to contact me by email at amacdonald@glwb.com or by phone at (867) 777-6622.
