Dear Ms. Wright:

Clarification - Type "A" Water Licence G17L3-001 - Town of Inuvik Renewal

I am writing to clarify my previous correspondence, dated June 15, 2017, which made reference to the 10 year term renewal to the Town of Inuvik's Type "A" Water Licence G06L3-001. That correspondence did not make specific reference to the new licence number, G17L3-001, assigned by the Board to this undertaking.

I am writing to confirm that I approved Water Licence G17L3-001 (renewal of G06L3-001) and the associated Reasons for Decision, as issued by the Gwich'in Land and Water Board.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert C. McLeod".
