**Re: Final Clearance and Closure of Land Use Permit G17X006
(Geotechnical Drilling and Camp Construction, km 15.0)**

Mr. Carpenter,

Please be advised that the final plan submitted by GNWT INF on December 15, 2020 has been accepted. An inspection of the site by GNWT Department of Lands on August 1, 2019 indicated that all aspects of the operation were satisfactory, and the department recommended closure of the above permit.

A final clearance of Land Use Permit **G17X006** has been granted, and our files are now closed, as per Section 33 of the Mackenzie Valley Land Use Regulations (MVLUR).

Should you have any questions about this file closure please do hesitate to call (867) 777-4954 or email at amacdonald@glwb.com.

Sincerely,

Alec Sandra Macdonald
Regulatory Specialist
