Dear Ms. Macdonald:

Gwich'in Land and Water Board - Request for Ruling - Inuvik Wind Project

NWT Energy (03) Ltd. (NTEC) thanks the Gwich'in Land and Water Board (GLWB) for the opportunity to file a written argument regarding Nihtat Gwich'in Council's (NGC) January 9, 2020 Request for Ruling.

For the reasons set out in NTEC/GNWT's May 26, 2020 Response to Information Request 3, NTEC submits that the GLWB should rule that NTEC does have a valid right to occupy the land required for the project. NTEC has no additional submissions and looks forward to timely receipt of GLWB's ruling

Sincerely,

Noel Voykin
President
