200 Scotia Center  
Box 938, 5102 - 50th Avenue  
Yellowknife NT X 1A 2N7

Sent via Email

Dear Mr. Cliffe-Phillips,

**Re: Notice of Preliminary Screening Determination – Application for Land Use Permit G20Q003 - Arctic Tire - Quarrying at km 230, 235 Dempster Highway #8**

The Gwich'in Land and Water Board (Board) met on April 2, 2020 and considered the Application from the Arctic Tire for Type A Land Use Permit (Permit) G20Q003 for the extraction, temporary stockpiling and hauling of granular materials at the existing quarries located at km 230 and 235, Dempster Highway #8 (Project) in accordance with the *Mackenzie Valley Resource Management Act* (MVRMA).

The Board conducted a preliminary screening based on the Application and the public record for the proceeding. Based on the evidence provided, the Board is satisfied the screening has been completed according to section 125 of the MVRMA and has decided **not to refer** the Project to environmental assessment. The Preliminary Screening Report includes the Board's reasons for decision, as required by section 121 of the MVRMA (attached).

If the Board does not receive notice of referral to environmental assessment, it will proceed with the issuance of Permit G20Q003 on Monday April 13, 2020.

Our Board and staff look forward to continued communications throughout the pause period. If you have any questions or concerns regarding this letter, please contact Leonard DeBastien at (867) 777- 4954 or email [l.debastien@glwb.com](mailto:l.debastien@glwb.com).

Yours sincerely,

Elizabeth Wright  
Chair, Gwich'in Land and Water Board

- New
- Amend, EIRB Ref. #
- Requires permit, license or authorization
- Does not require permit, license or authorization

### Project Summary

- The proposed project involves
  1. the extraction , stockpiling and removal of granular material from existing GNWT quarries at km 230 and 235, Dempster Highway #8

### Scope

- A) Use of equipment to perform quarrying
  - km 230
  - 68o07'53"N/135o21'13"W
  - km 235

**Principal Activities (related to scoping)**  
(CHECK ALL THAT APPLY)

Public Concern \_\_\_\_\_  
(DESCRIBE)

**PHYSICAL - CHEMICAL EFFECTS**

**IMPACT**

**1. Ground Water**

- water table alteration
- water quality changes

- infiltration changes
- other
- N/A

**IMPACT**

**2. Surface Water**

- flow or level changes
- water quality changes

- water quantity changes
- Drainage pattern changes
- temperature
- wetland changes / loss
- other:
- N/A

**IMPACT**

**3. Noise**

- noise in/near water
- other: noise increase
- N/A

**IMPACT**

**4. Land**

- geologic structure changes
- soil contamination
- buffer zone loss
- soil compaction & settling
- Destabilization / erosion
- permafrost regime alteration
- other:

- 
- N/A

**MITIGATION**

no quarrying below the water table depth

**MITIGATION**

Possibility of contamination from fuel during transport or refueling: No fuel will be stored on site. The applicant has submitted a Spill Contingency Plan outlining preventive measures and spill clean-up. Draft conditions address mitigation related to fuel handling and spill prevention.

Contour areas as required under the quarry authorization.

**MITIGATION**

Noise may temporarily disturb wildlife, however the impact is expected to be minimal, localized, and over a short duration.

**MITIGATION**

Possibility of contamination from fuel during transport or refueling. No fuel will be stored on site. The applicant has submitted a Spill Contingency Plan outlining preventive measures and spill clean-up. Draft conditions address mitigation related to fuel handling and spill prevention.

**IMPACT**

**5. Non Renewable Natural Resources**

**MITIGATION**

resource depletion

Depletion of granular resources possible . Pit is Managed by GNWT Department of Lands

**IMPACT**

**2. Wildlife & Fish**

**MITIGATION**

effects on rare, threatened or endangered species

fish population changes

waterfowl population changes

breeding disturbance

population reduction

species diversity change

health changes  
(Identify)

behavioural changes

Some species may avoid the area during operation. Draft conditions outline mitigation methods for species of concern.

(Identify)

habitat changes / effects

game species effects

toxins / heavy metals

forestry changes

agricultural changes

other:

N/A

#### **INTERACTING ENVIRONMENT**

##### **IMPACT**

##### **MITIGATION**

###### **1. Habitat and Communities**

predator-prey

wildlife habitat / ecosystem  
Composition changes

reduction / removal of keystone  
or endangered  
species

removal of wildlife corridor or  
buffer zone

other:

N/A

##### **IMPACT**

##### **MITIGATION**

###### **2. Social and Economic**

planning / zoning changes or  
conflicts

increase in urban facilities or  
services use

rental house

airport operations / capacity  
changes

human health hazard

impair the recreational use of water or aesthetic quality

affect water use for other purposes

affect other land use operations

quality of life changes

public concern

other:

N/A

**IMPACT**

**3. Cultural and Heritage**

**MITIGATION**

effects to historic property

increased economic pressure on historic properties

change to or loss of historic resources

change to or loss of archaeological resources

increased pressure on archaeological sites

change to or loss of aesthetically important site

effects to aboriginal lifestyle

other:

N/A

Work to take place within existing Quarry footprint. if any new cultural or heritage resource site is discovered during the project, work must cease and the Prince of Wales Northern Heritage Centre shall be contacted immediately. Draft Conditions pertain to archaeological and heritage resources.

**REASONS FOR DECISION**  
(LIST ALL REASONS AND SUPPORTING RATIONALES FOR PRELIMINARY SCREENING DECISION)

**DECISION:**

The Gwich'in Land and Water Board (The Board) is satisfied that the preliminary screening of application G20Q003 by Arctic Tire 1980 Ltd for the purpose of quarrying has been completed in accordance with Section 125 of the *Mackenzie Valley Resource Management Act*. The Board is satisfied that a reasonable period of notice was given to Communities and First Nations affected by the application as required by Subsection 63(2) of the *MVRMA* so that they could provide comments to the Board.

Having reviewed all relevant evidence on the Public Registry, including the submissions of the Applicant, the written comments received by the Board and any staff reports prepared for the Board, the Board has decided that in its opinion that:

- there is no likelihood that the proposed development might have a significant adverse impact on the environment; and
- there is no likelihood that the proposed development might be a cause of public concern.

The Board is also of the opinion that the application can proceed through the regulatory process and that any impacts of the development on the environment can be mitigated through the imposition of the terms and conditions in the attached Land Use Permit.

As a result, the Board, having due regard to the facts and circumstances, the merits of the submissions made to it, and to the purpose, scope and intent of the *Mackenzie Valley Resource Management Act* and the Mackenzie Valley Land Use Regulations has decided that this Land Use Permit be issued subject to the terms and conditions contained therein.
