Re: Request for Comments – Application for Type “A” Land Use Permit (ILS - Quarrying – Km 235, Dempster Highway #8)

Please be advised that International Logistical Support Inc. (ILS) has submitted to the to the Gwich'in Land and Water Board an application for a Type A Land Use Permit for the purpose of extracting, stockpiling and hauling granular material from existing quarry located at km 235, Dempster Highway #8. The applicant requests a term of 5 years, with proposed activities beginning in April 2020. The Board is considering this application and invites reviewers to provide comments or recommendations.

The attached application documents and Draft Land Use Permit are also available through the [Online Review System](#) (ORS). Comments can be made directly through the ORS or submitted to the Board via fax, mail or email. **Please submit your comments in writing by 5:00 pm, Thursday May 7, 2020.**

Note that all documents pertaining to this file will be maintained on the [GLWB Public Register](#).

Please do not hesitate to contact me at amacdonald@glwb.com should you have questions or comments pertaining to this request.

Sincerely,

AlecSandra Macdonald
