Yellowknife NT X 1A 2N7

Sent via Email

Dear Mr. Cliffe-Phillips,

**Re: Notice of Preliminary Screening Determination – Application for Land Use Permit
G20Q004 - ILS - Quarrying at km 235, Dempster Highway #8**

The Gwich'in Land and Water Board (Board) met on May 19, 2020 and considered the Application from the International Logistical Support Inc. (ILS) for Type A Land Use Permit (Permit) G20Q004 for the extraction, temporary stockpiling and hauling of granular materials at the existing quarry located at km 235, Dempster Highway #8 (Project) in accordance with the *Mackenzie Valley Resource Management Act* (MVRMA).

The Board conducted a preliminary screening based on the Application and the public record for the proceeding. Based on the evidence provided, the Board is satisfied the screening has been completed according to section 125 of the MVRMA and has decided **not to refer** the Project to environmental assessment. The Preliminary Screening Report includes the Board's reasons for decision, as required by section 121 of the MVRMA (attached).

If the Board does not receive notice of referral to environmental assessment, it will proceed with the issuance of Permit G20Q004 on Friday May 29, 2020.

Our Board and staff look forward to continued communications throughout the pause period. If you have any questions or concerns regarding this letter, please contact Leonard DeBastien at (867) 777- 4954 or email l.debastien@glwb.com.

Yours sincerely,

Elizabeth Wright

PRELIMINARY SCREENING REPORT FORM

PRELIMINARY SCREENER: GLWB REFERENCE / FILE NUMBER: G20Q004 TITLE: Quarrying km 235 Dempster Hwy ORGANIZATION: International Logistical Support I MEETING DATE: May 19, 2020	EIRB REFERENCE NUMBER:
---	-------------------------------

NOTE: Amendment items on this preliminary screening form are shown in italics.

Type of Development:
(CHECK ALL THAT APPLY)

- New
- Amend, EIRB Ref. #
- Requires permit, license or authorization
- Does not require permit, license or authorization

Project Summary

- The proposed project involves
 1. the extraction, stockpiling and removal of granular material from existing GNWT quarry located at km 235 Dempster Highway #8

Scope

A) Use of equipment to perform quarrying

km 235 (68.201188, -133.407869)

Principal Activities (related to scoping)

Type of Transboundary Implication: Impact / Effect Development

Public Concern _____
 (DESCRIBE)

PHYSICAL - CHEMICAL EFFECTS

IMPACT

1. Ground Water

- water table alteration
- water quality changes

- infiltration changes
- other
- N/A

IMPACT

2. Surface Water

- flow or level changes
- water quality changes

- water quantity changes
- Drainage pattern changes
- temperature
- wetland changes / loss
- other:
- N/A

IMPACT

3. Noise

- noise in/near water
- other: noise increase
- N/A

IMPACT

4. Land

- geologic structure changes
- soil contamination

- buffer zone loss
- soil compaction settling
- Destabilization / erosion
- permafrost regime alteration
- other:

-
- N/A

MITIGATION

no quarrying below the water table depth

MITIGATION

Possibility of contamination from fuel during transport or refueling: No fuel will be stored on site. The applicant has submitted a Spill Contingency Plan outlining preventive measures and spill clean-up. Draft conditions address mitigation related to fuel handling and spill prevention.

MITIGATION

Noise may temporarily disturb wildlife, however the impact is expected to be minimal, localized, and over a short duration.

MITIGATION

Possibility of contamination from fuel during transport or refueling. No fuel will be stored on site. The applicant has submitted a Spill Contingency Plan outlining preventive measures and spill clean-up. Draft conditions address mitigation related to fuel handling and spill prevention.

IMPACT

5. Non Renewable Natural Resources

MITIGATION

resource depletion

Depletion of granular resources possible . Pit is Managed by GNWT Department of Lands

other:

N/A

IMPACT

6. Air/Climate/ Atmosphere

MITIGATION

Other

N/A

BIOLOGICAL

ENVIRONMENT IMPACT

1. Vegetation

MITIGATION

species composition

species introduction

toxin / heavy accumulation

other:

N/A

IMPACT

2. Wildlife & Fish

MITIGATION

effects on rare, threatened or endangered species

fish population changes

waterfowl population changes

breeding disturbance

population reduction

species diversity change

health changes
(Identify)

behavioural changes

Some species may avoid the area during operation. Draft conditions outline mitigation methods for species of concern.

(Identify)

habitat changes / effects

game species effects

toxins / heavy metals

forestry changes

agricultural changes

other:

N/A

INTERACTING ENVIRONMENT

IMPACT

MITIGATION

1. Habitat and Communities

predator-prey

wildlife habitat / ecosystem
Composition changes

reduction / removal of keystone
or endangered
species

removal of wildlife corridor or
buffer zone

other:

N/A

IMPACT

MITIGATION

2. Social and Economic

planning / zoning changes or
conflicts

increase in urban facilities or
services use

rental house

airport operations / capacity
changes

human health hazard

- impair the recreational use of water or aesthetic quality
- affect water use for other purposes
- affect other land use operations
- quality of life changes
- public concern
- other:
- N/A

IMPACT

3. Cultural and Heritage

MITIGATION

- effects to historic property
- increased economic pressure on historic properties
- change to or loss of historic resources
- change to or loss of archaeological resources
- increased pressure on archaeological sites
- change to or loss of aesthetically important site
- effects to aboriginal lifestyle
- other:

N/A

Work to take place within existing Quarry footprint. if any new cultural or heritage resource site is discovered during the project, work must cease and the Prince of Wales Northern Heritage Centre shall be contacted immediately. Draft Conditions pertain to archaeological and heritage resources.

REASONS FOR DECISION
(LIST ALL REASONS AND SUPPORTING RATIONALES FOR PRELIMINARY SCREENING DECISION)

DECISION:

The Gwich'in Land and Water Board (The Board) is satisfied that the preliminary screening of application G20Q004 by International Logistical Support (ILS) for the purpose of quarrying has been completed in accordance with Section 125 of the *Mackenzie Valley Resource Management Act*. The Board is satisfied that a reasonable period of notice was given to Communities and First Nations affected by the application as required by Subsection 63(2) of the *MVRMA* so that they could provide comments to the Board.

Having reviewed all relevant evidence on the Public Registry, including the submissions of the Applicant, the written comments received by the Board and any staff reports prepared for the Board, the Board has decided that in its opinion that:

- there is no likelihood that the proposed development might have a significant adverse impact on the environment; and
- there is no likelihood that the proposed development might be a cause of public concern.

The Board is also of the opinion that the application can proceed through the regulatory process and that any impacts of the development on the environment can be mitigated through the imposition of the terms and conditions in the attached Land Use Permit.

As a result, the Board, having due regard to the facts and circumstances, the merits of the submissions made to it, and to the purpose, scope and intent of the *Mackenzie Valley Resource Management Act* and the Mackenzie Valley Land Use Regulations has decided that this Land Use Permit be issued subject to the terms and conditions contained therein.
