**Re: Land Use Application Amendment:**

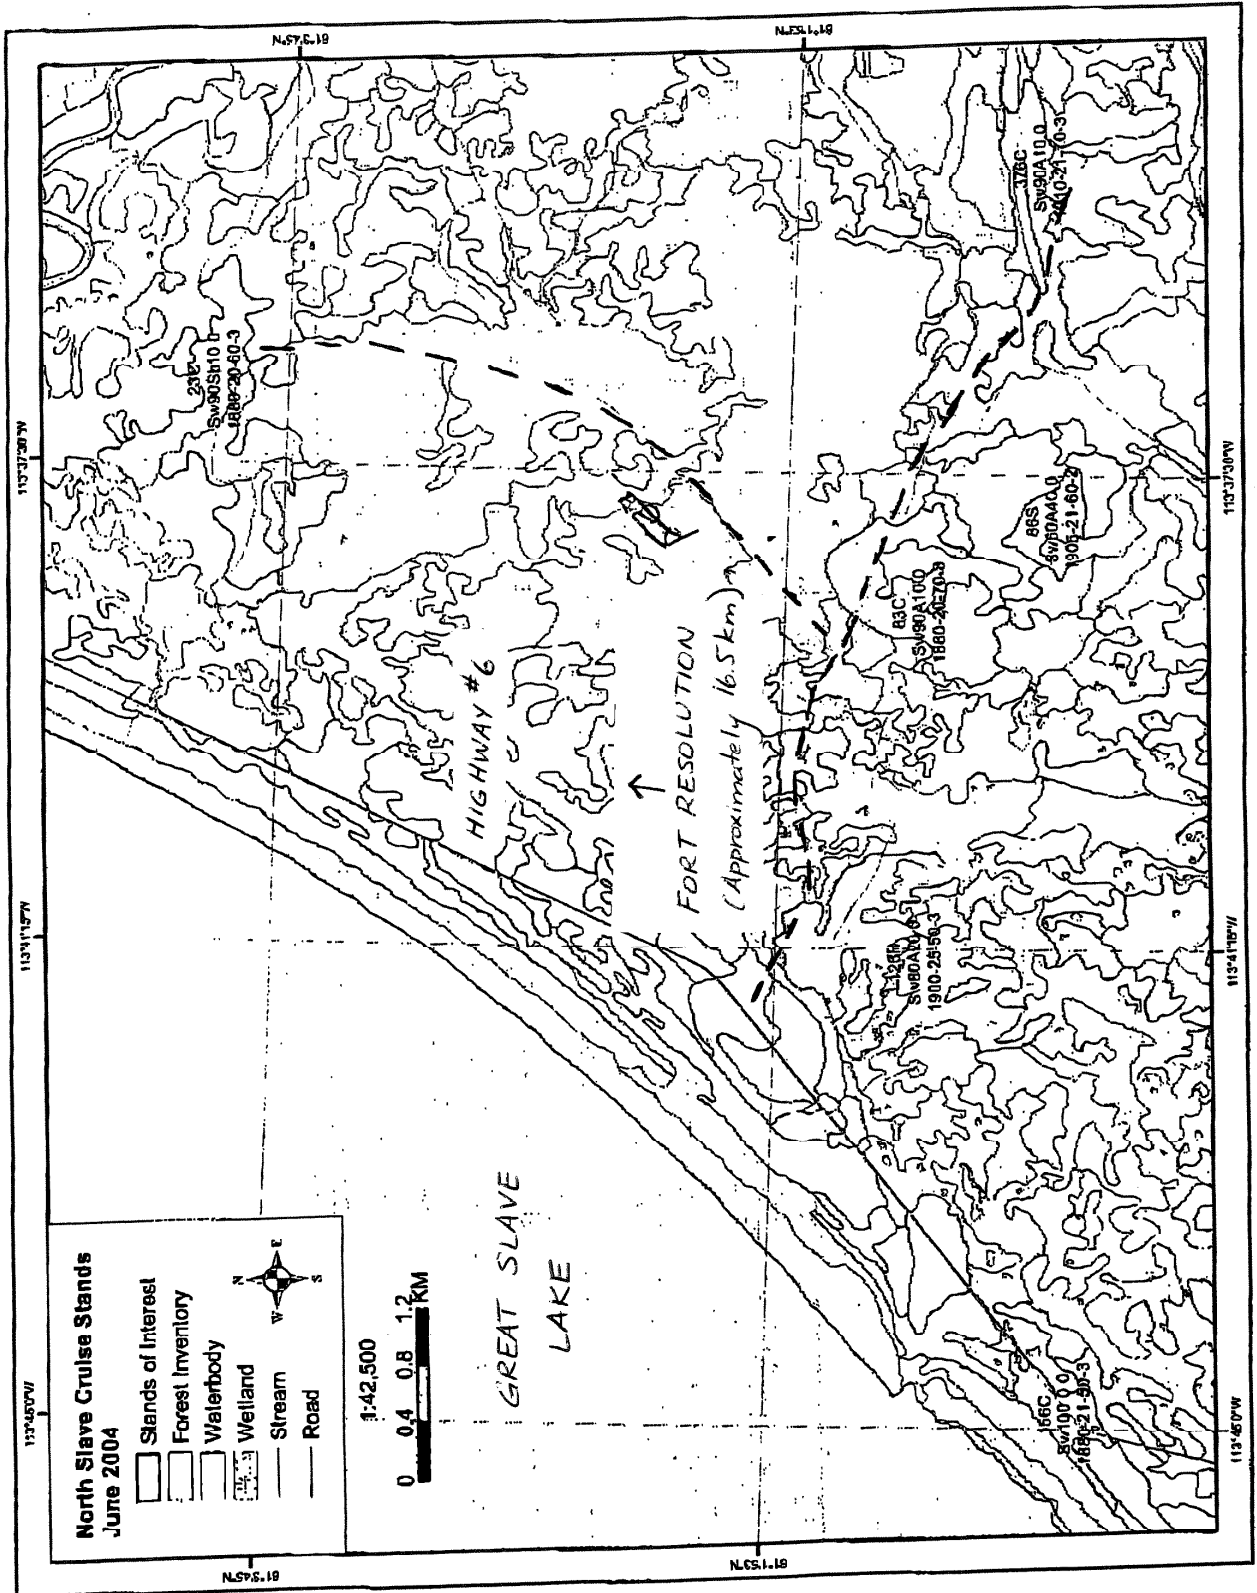

At the last Interim Measures Agreement meeting held on August 18, 2004 your application was reviewed and approved by Deninu Kue First Nation's Chief & Council, and also the Fort Resolution Environmental Working Committee. Furthermore your request to cut logs in the specified block areas was also approved.

Further more we recommend that this particular application process be expedited as soon as possible by both RWED and MVLWB.

Thank you for your time and consideration. If you require further information please do not hesitate to contact me

Sincerely

Georgina Biscaye

Hello Gus Pasowisty and Georgina,

Thank you for your request for information. There are no known archaeological sites within 150m of your area of interest. However, please keep in mind that only a small fraction of the archaeological sites in the NWT have been located and recorded. If there are none recorded in your area of interest this likely means that the area remains unexplored for archaeological resources and that sensitive, unrecorded archaeological sites may exist.

Please let me know if you have any questions.

Thank you,
