Box 257
Fort Resolution, NT X0E 0M0

Attention: Stephen Cuthbert, Manager

File Number MV2004W0041
Type of Operation LOGGING
Location Sawmill on south-east side of HWY 6 KM 74

Dear Stephen Cuthbert,

An inspection of the above noted operation was conducted on July 04, 2016 by Manager, Resource Management Mike Vassal and Resource Management Officer I Olivia Villebrun.

Enclosed is a copy of the Environmental Inspection Report. Please refer to the unacceptable and noted conditions in the general comments section of this report. Your attention to this matter is appreciated.

The no changes or advancements have been made on this site since the last inspection. A final plan regarding restoration, clean up, and removal of equipment and buildings needs to be completed and submitted.

If you have any questions, please contact me at 867-872-2558 ext. 24.

Sincerely,

Original Signed

Mike Vassal

Explanatory Remarks -

Mill:

30 Chemicals: Spills and containers remain on site. Spills need to be cleaned up and chemicals removed to a proper disposal facility.

41 Wastes: Scrap metal is scattered around the site. It needs to be removed and disposed of properly.

48 Fuel Storage: There are fuel spills on site.

55 Brush Disposal: Piles of brush remain on site and are a fire hazard. These need to be burned when weather is permitting.

61 Restoration of Lands: The Land Use Permit for this site has expired as of December 15, 2009. A final plan regarding restoration, clean up, and removal of equipment and buildings needs to be completed.
