RE: Land Use Permit MV20040041

The Land Use Permit for the "Sawmill Site" has now expired. We didn't actually own the equipment that is located on this site until sometime in April 2009. The equipment was part of a legal suit brought against the Deninu K'ue Development Corporation, and subsequently has now been settled.

Originally, it was the intention of the Deninu K'ue Development Corporation Limited to establish a milling operation near Fort Resolution. But, the person who sold us the equipment, and was to train our people, has passed on. Therefore, we will try to sell off the assets, and begin clean-up of the site. I understand that a 1:50,000 Scale Map is required, but what other information is needed?

If you have any concerns, or observations from site visits, please forward them to the DKDC office at the fax number shown above. We will be having a Regular Meeting tomorrow, at which time this letter will be addressed with the Board of Directors.

Yours Sincerely,

Stephen Cuthbert,
General Manager, DKDC
