Dear Ms. McLean:

Type A Land Use Permit Amendment Application – Further Study Required
Gahcho Kué Project – Kennady Lake, NT

The Mackenzie Valley Land and Water Board (MVLWB or the Board) met on April 12, 2018 to consider your Amendment Application for Land Use Permit (Permit) MV2005C0032. The Board determined that under paragraph 22(2)(b) of the Mackenzie Valley Land Use Regulations, further studies need to be conducted. This Permit Amendment Application was submitted in conjunction with Water Licence Amendment Application MV2005L2-0015. As such, the Board has decided that as the Amendment Applications are for activities related to the same project, they should be reviewed and considered by the Board together.

A determination will be made by the Board on Permit Amendment Application MV2005C0032 at the same time as Water Licence Amendment Application MV2005L2-0015.
