Re: Construction Authorization for ROM Pad Expansion at Gahcho Kué Mine.

Dear Mr. Kramers:

I have reviewed Water License MV2005L2-0015 and Land Use Permit MV2005C0032. The Inspector authorizes this construction of the requested extension (June 21 2017) to the ROM pad expansion. Ensure that construction materials conform to the applicable requirements of the WL and the LUP and maintain the 30m setback from the historic (pre dewatering) ordinary high water mark as discussed.

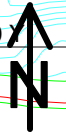

If you have any questions or concerns please do not hesitate to contact me at (867) 767-9187 ext. 24189 or Andrew.Howton@gov.nt.ca.

Sincerely,

Andrew Howton
