Dear Ms Love:

## Gahcho Kué Interim Closure and Reclamation Plan Workshop

De Beers Canada Inc. (De Beers) is hosting a one day long workshop in Yellowknife on **March 2, 2016** to discuss closure and reclamation planning for the Gahcho Kué (GK) Project. The objective of this technical workshop is to present the draft Interim Closure and Reclamation Plan at GK and garner input from interested parties. This workshop will build on the last closure workshop which was held in September of 2014. The September 2014 workshop focused on the objectives for closure at the GK site. This March 2016 workshop will advance the discussion to the criteria needed to meet those objectives.

The purpose of this letter is to request the participation of the Mackenzie Valley Land and Water Board in this workshop. As space is limited, we request no more than two participants from your agency.

The meeting will run from 8:30-4:30 pm at the Explorer Hotel and an agenda for the meeting will follow confirmation of your attendance. Lunch will be provided. We would like to request the submission of the names of participants by email no later than **February 15, 2016** so that we can begin the necessary arrangements.
