Dear Ms. Chisholm:

Note to File – Erosion and Sediment Management Plan, Construction Water Management Plan, and Dyke A Construction and Management Plan – Confirmation of Changes – DeBeers Canada Inc. – Gahcho Kue.

On October 16, 2014 the Mackenzie Valley Land and Water Board (the Board) met and discussed the Erosion and Sediment Management Plan, the Construction Water Management Plan, and the Dyke A Construction and Management Plan (the Management Plans) submitted by De Beers Canada Inc. (DeBeers). The Board determined that these Management Plans be conditionally approved, upon receipt of updates, as specified in the Board's decision letter to De Beers dated October 16, 2014 and upon written confirmation of conformity by Board staff.

This letter is written confirmation that the requested changes as outlined in the Board's decision letter dated October 16, 2014 have been addressed. The Erosion and Sediment Management Plan version 4 (submitted October 20, 2014), the Construction Water Management Plan version 4 (submitted October 20, 2014), and the Dyke A Construction and Management Plan version 3 (submitted October 21, 2014) can therefore be considered approved.

If you have any questions or concerns, please contact Angela Love at (867) 766-7456 or angela.love@mvlwb.com.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Angela Love".
