Dear Mr. Kramers:

Construction of Engineered Structures – Approval of Request to Modify Compliance Date – Water Licence MV2005L2-0015

The Mackenzie Valley Land and Water Board (MVLWB or the Board) received a letter from De Beers Canada Inc. (De Beers) on June 16, 2015 requesting a schedule amendment to the sixty (60) day submission requirement of Final Detailed Construction Plans for the commencement of construction of an Engineered Structure as described in Part E, item 13 of the Water Licence.

The Board hereby grants the amendment request from the sixty (60) day notification requirement to the requested fourteen (14) days, which would allow construction of the alternate dewatering diffuser should conditions warrant the immediate replacement of the existing dewatering diffusers.

The full cooperation of De Beers is anticipated and appreciated. If you have any questions or concerns, please contact Angela Love at (867) 766-7456 or email angela.love@mvlwb.com.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Willard Hagen".

Willard Hagen
MVLWB Chair
