Distribution List

**Public Hearing Preparation Information**  
**Type A Land Use Permit and Type A Water Licence Applications**  
**De Beers Canada Inc. – Gahcho Kue Project, Kennady Lake, NT**

In preparation for the public hearing, general information about public hearing procedures and intervention submission guidelines is available in the Mackenzie Valley Land and Water Board's "Rules of Procedure, Including Public Hearings". This document is available on our website at <http://mvlwb.com/sites/default/files/mvlwb/documents/Final%20Rules%20of%20Procedure%20Jan%202014%202004.pdf>

The public hearing is scheduled for May 6, 7, and 8, 2014, and written interventions are due by **5:00 PM, April 7, 2014**. As outlined in the "Rules of Procedure", your intervention should clearly indicate whether your organization intends to appear in person before the Board at the hearing, or whether your organization would be satisfied with a written proceeding.

If you have any questions regarding the submission of interventions or the public hearing process, please contact me at 867-766-7456 or [angela.love@mvlwb.com](mailto:angela.love@mvlwb.com).

Sincerely,

A handwritten signature in black ink, appearing to read "Angela Love".
