**Subject:** Working Group Meeting November 12- 3rd Floor Scotia Boardroom 9am-12

Hey folks,

As discussed at our last meeting we will be having a Working Group meeting this coming Thursday November 12 but sort of a shorter one. It may not take the whole morning but we've scheduled for it just to be safe.

Please find attached the agenda for the meeting.

Also included are the draft minutes. We realize we haven't allowed for the usual amount of time to provide input but do your best.

Also attached is AOC commitment information in response to one of our action items.

Thanks very much.

Have a good weekend.

Erika

**Subject:** Final July 2015 WG Meeting Summary

Hey folks, here are the final meeting minutes for July. This includes the final revisions received from Kevin and Asish. Thanks DPRA.

Provided below is a recap of our discussions on upcoming meetings:

The next WG meeting is set for Thursday, November 12, 2015 and will likely be of shorter duration, consisting of a review of action items and an update on site activities.

An update on the Freeze had previously been slated for the November meeting; however, it will not be ready for presentation for this time. Due to the scheduling of the Risk Assessment workshop (tentatively set for December 8-10, pending confirmation with SRK, City of YK, EC and DFO), the Freeze will be pushed to the January 2016 WG meeting. The Final Options workshop has been scheduled for February 16-19, 2016.

We provided you with a table noting progress to date on the measures and suggestions. If you do have comments, please feel free to provide them via email to us.

You will be receiving the draft meeting minutes from our October 8<sup>th</sup> meeting in about a week for your review.

Thanks. Erika

## 1. INTRODUCTION

The Giant Mine Remediation Project (GMRP) Team organized a meeting of the Giant Mine Working Group (GMWG, or simply WG). The meeting was held in the larger basement boardroom of the Scotia Centre in Yellowknife, NT, and was scheduled from 9:00 am to 12:00 pm MT on October 8, 2015. The Working Group meeting was suspended at 10:30 for a presentation by Dr. Ken Reimer entitled "Arsenic 101", which was open to a wider audience. This larger audience included members of the WG as well as GNWT ENR (Cumulative Impacts Monitoring Program (CIMP), Contaminated Sites and Environmental Protection), GNWT Health and Social Services (HSS), Workers' Safety and Compensation Commission (WSSCC), Ecology North, Mackenzie Valley Review Board and Mackenzie Valley Land and Water Board. Dr. Reimer's presentation ended at approximately 13:15. The WG meeting resumed at 14:15 and adjourned by 15:00.

WG Meeting participants included members of the GMRP team, as well as representatives from the Interested Parties and special guests.
