**Subject:** MV2007L8-0031 - Giant Mine Remediation Project - Technical Session Agenda - July 9-12, 2019  
**Date:** July 4, 2019 9:59:48 AM  
**Attachments:** MV2007L8-0031 - Giant Mine Remediation Project - Technical Session Agenda - July 9-12 2019.pdf

---

Good morning,

Please see the Agenda for the upcoming Giant Mine Remediation Project Technical Session scheduled for July 9-12, 2019. Technical Sessions will be held at the Explorer Hotel, Katimavik A & B from 8:30 am to 5:00 pm each day.

If you have any questions, please contact me using the information provided below.

Thank you,

Shannon Allerston, MA, MSc

Regulatory Specialist

Mackenzie Valley Land and Water Board

7th Floor, 4922 48th St, PO Box 2130 | Yellowknife, NT | X1A 2P6

### **TECHNICAL SESSION AGENDA**

Department of Indian Affairs and Northern Development – Giant Mine Remediation Project  
MV2007L8-0031 MV2019X0007

**Dates:**

July 9-12, 2019  
8:30 am – 5:00 pm

**Location:**

Katimavik A&B Room  
Explorer Hotel  
4825 49<sup>th</sup> Ave.  
Yellowknife, NT

**Teleconference Information:**

1-866-512-0904  
Participant code: 6103809

**Purpose:**

This technical session is meant to provide a forum where parties can discuss concerns about the proposed Giant Mine Remediation Project directly with the proponent. It is the Mackenzie Valley Land and Water Board's (Board) hope that such a discussion, as facilitated by Board staff, will increase each parties' understanding of the issues as well as of the perspectives of others. In our experience, technical sessions can be useful in reducing the number of outstanding issues between parties. Although it would be helpful if some issues are resolved during the session, there is no requirement to do so; Board staff will guide questions and discussions to ensure parties have sufficient information to submit evidence that the Board can use to establish water licence and land use permit conditions. Discussions at the technical session may also reveal the need for information requests of the proponent or other parties. The work plan for this review process includes time for parties to fulfill information requests, if required. A second technical session is also scheduled for September 9-12, 2019. This will be held if it is evident that there remain several issues worth further discussion prior to the Public Hearings, scheduled for January 2020.

Please note that the technical session is not a public hearing; Board members and legal counsel will not be participating. It is the Board's wish that the technical session be as informal as possible in order to promote discussion. There will be an opportunity to submit final recommendations for the water licence and land use permit following a distribution of a draft licence and permit that will occur after the Public Hearings.

Participants are encouraged to have questions prepared in advance for each topic and to take the opportunity to follow up on issues raised in the Review Comment Tables on the Online Review System.

Reference to specific items from the Review Comment Table is provided in the agenda below pertaining to issues raised during review. The focus of the technical session is to create appropriate conditions and associated schedules for the water license and land use permit for outstanding concerns under the Board's jurisdiction.

Please note the following abbreviations used to represent reviewers who commented through the Online Review system (ORS):

AN – Alternatives North

Bill Slater – Slater Environmental Consulting

CIRNAC – Crown-Indigenous Relations and Northern Affairs Canada

ECCC – Environment and Climate Change Canada

ECE – Government of the Northwest Territories – Education Culture Employment

EN – Ecology North

GMOB – Giant Mine Oversight Board

GSSC - Great Slave Sailing Club

IM – Ian McCrea

INAC – CIRNAC

Mackenzie Valley Land and Water Board staff - MVLWB

NSMA – North Slave Metis Alliance

Ryan Silke

YK – City of Yellowknife

YKCC – Yellowknife Climbing Club

YKDFN – Yellowknives Dene First Nation

YKHS – Yellowknife Historical Society

**Agenda:** See below. Board staff have attempted to appropriately categorize reviewer comments in order to organize the agenda. Errors and omissions may be present. These references are informational only and do not represent speaker or reviewer organization for the technical session. If the ORS responses have provided clarity with respect to a reviewer comment, it is not necessary for the reviewer to ask questions regarding that comment.

## Agenda for Day 1 – July 9, 2019

All times are approximate.
