

Requirements for a Notification of an Intent to file a Claim for Water Compensation

Notifications must be received by the Board no later than August 15, 2019.

1 Information about the Application or File

Water Licence application or file number(s) associated with this claim:	DIAND - GIANT - MV2019X0007
-------------------------------------------------------------------------	-----------------------------

2 Information about the Claimant

Claimant's Name (individual or group/association):	Kevin and Karen McLeod		
Group or Association legal entity:	Great Slave Sailing Club		
Mailing Address:	----		
Email:	----	Tel.:	----

3 Information about Eligibility

Please identify the category/categories that best describe your relationship with the waters potentially affected by the subject Licence.

Subsection 72.03(5) of the MVRMA or 26(5) of the <i>Waters Act</i>		
(a)(i)(A) or (B)	Existing licensee or Applicant with precedence	
(b)(ii)	Domestic users	yes
(b)(iii)	In-stream users	yes
(b)(iv)	Authorized users	
(b)(v)	Authorized waste depositors	
(b)(vi)	Persons who use waters or deposit waste (without a licence) under the territorial law	

(b)(vii)	Persons referred to in paragraph 61(d) of the <i>Nunavut Waters and Nunavut Surface Rights Tribunal Act</i> ,	
(b)(viii)	Owners of property	
(b)(ix)	Occupiers of property	
(b)(x)	Holders of outfitting concessions, registered trapline holders, and holders of other rights of a similar nature	

Please provide information regarding the nature of your use, the duration of your use, and extent of your use of the waters in question.

We use the area of the Sailing Club for boat storage, maintenance, launching, training and mooring. We use the area year round. Sailing takes place June to Sept each year. We have been members of the club for 18 years. We store our boat and trailer in the yard year round and launch the boat mid June and recover the vessel in Sep each year. We pay club fees and storage fees to the club. There is suitable space for storage and it allows us to conduct repairs and maintenance. We moor the vessel in the waters just off the dock in Back Bay. The club has made improvements to the dock and the storage areas investing clubs members funds into the area. The area is the only suitable and safe area for the storage, launching, recovery and maintenance for sail boats.

4 Information about Potential Impacts

Please provide information regarding the potential impacts resulting from the subject Licence on the use of waters described above.

The impact of the Giant Remediation project may restrict, limit or completely deny access to the club location, launching area, storage area for my boat and others. We have been members of the club and invested each year into the upkeep and improvement for the site to the betterment of the City. The impact of the Remediation program may not only make my boat unsailable but the long term impact may be a complete loss of the activity in the area due the restrictions, making sail boats unsailable and unsellable and a major financial loss to owners. If the area becomes completely restricted by the project I assess the impact to us to be in the \$5,000-\$9,000 range. It would be a far better solution to find a collaborative
