

CITY OF YELLOWKNIFE

November 3, 2020

Giant Mine Remediation Project (GMRP)
PO Box 1500
Yellowknife, NT X1A 2R3

Attention: Ms. Natalie Plato

Dear Ms. Plato,

RE: Acceptance of municipal sanitary and solid waste for calendar year 2021

Please find this as the City's formal acceptance of municipal sanitary and solid wastes from the GMRP for the 2021 calendar year based on respective volumes provided by Parsons (Dayal Madhavan) via email on August 9, 2020.

As the City of Yellowknife has several major initiatives ongoing such as the implementation of our Strategic Waste Management Plan, and our Class A Water Licence renewal, we feel it is best to continue an annual review of this agreement in the event that circumstances change either from the City's perspective or GMRP waste requirements.

Sincerely,

Chris Greencorn, P.Eng.
Director, Public Works & Engineering
