Dear Mr. Richardson:

**Technical Information on BOD vs. CBOD**

Thank you for your letter dated January 27, 2010 providing a technical overview of Biochemical Oxygen Demand (BOD) versus Carbonaceous Biochemical Oxygen Demand (CBOD).

As of the end of the public hearing, held on January 26, 2010, the record for this file has been officially closed. The only exception is for evidence to be filed in relation to undertakings that were identified during the hearing. The Town of Hay River's request for an opportunity to submit a short paper to clarify the technical aspects of BOD vs. CBOD in their closing statement was not accepted as an undertaking. The Board does not see any compelling reason to re-open the record to allow a thorough review of the above-mentioned document. It has, however, been filed in the public record as an information item.

If you have any questions or concerns, please telephone (867) 669-0506 or email [permits@mvlwb.com](mailto:permits@mvlwb.com).

Yours sincerely,

A handwritten signature in black ink, appearing to read "Willard Hagen". The signature is written in a cursive style with a prominent initial "W".
