Hello Miki,

Please see the attached drawings and specifications submitted to the board in accordance with section D.11 of the City of Yellowknife's Water Licence for review by the MVLWB. Due to the time frame in which the City received the finalized drawings and specifications, the City has issued the tenders for this work at the same time as the drawings and specifications have been submitted to the MVLWB for review. Any comments and notes received regarding the design of the new cell will be reviewed and, if necessary, incorporated into the cell.

The City anticipates construction of the new cell to begin at the end of May 2016 and would appreciate if comments could be submitted by this time.

Should you have any questions or require additional information regarding this submission, please contact me at 920-5639 or by email at [mauge@yellowknife.ca](mailto:mauge@yellowknife.ca).

Thank you,

**Mike Auge**
