Elaine,

Can you please post this to MV2009L3-0007 under Permit/Licence/other issuances and then under Modifications as "MV2009L3-0007 – City of Yk – Water Treatment Plant – Modification – email – May 17-13"

Thanks, CT

Hi Wendy,

I am not 100% sure what would work best. Maybe burning to a CD and dropping it off at the office? We need it 60 days prior to beginning the modification, so the sooner you can get it here the better. You could bring paper copies as well just to get the ball rolling on our end.

I think whatever is faster on your end will be the best.

Give me a shout if you have further questions.

Crystal

Subject: Water Treatment Plant

Hi Crystal,

We've just received all the drawings and specifications for the City's new water treatment plant. These are large (20+MB) files with a crazy number of drawings and details. As this is considered a modification to the water treatment (it will be located where there is existing infrastructure), I understand these need to be reviewed as per Part E of the water licence (reproduced below). This project will be going out for tender on May 22nd with a 6 week tender period. Please let me know how you would like me to send you these documents. There are 10 files averaging 22MB each. I can upload the files to our file sharing network for you to download, but it may take some time to do so. Let me know your thoughts on this and how you'd like me to proceed.

Thanks,
Wendy

Part E: Conditions Applying to Modifications

E.1 The Licensee may, without written approval from the Board, carry out Modifications to the Water Supply Facilities and Waste Disposal Facilities provided that such Modifications are consistent with the terms of this Licence and the following requirements are met:

- a) The Licensee has notified the Board in writing of such proposed Modifications at least 60 days prior to beginning the Modifications;
- b) Such Modifications do not place the Licensee in contravention of either the Licence or the Act;
- c) The Board has not, during the 60 days following notification of the proposed Modifications, informed the Licensee that review of the proposal will require more than 60 days; and
- d) The Board has not rejected the proposed Modifications.

Wendy Alexander, P.Eng.
