Dear Mr. Hawkes:

**Re: Stormwater Management Plan Version 4 and Stormwater Trend Analysis Proposal
City of Yellowknife – Municipal Water Licence MV2009L3-0007**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) met on February 7, 2019 and reviewed the City of Yellowknife's Stormwater Management Plan Version 4 (SWMP V4) and Stormwater Trend Analysis (SWTA) Proposal, which are required by Part D, condition 10 of municipal Licence MV2009L3-0007 (Licence) and Board direction provided in the May 15, 2013 letter to the City, respectively.

The Board hereby **defers their decision on the City's Stormwater Management Plan Version 4**, as required by Part D, condition 10 of Licence MV2009L3-0007, until the City submits the Stormwater Management Plan Version 5. The Board reminds the City to include details around guideline comparisons in the next version of the Stormwater Management Plan (Version 5).

The Board acknowledges the submission of the Stormwater Trend Analysis Proposal, which outlines how the City intends to move forward with the Stormwater Management Plan (SWMP) and Stormwater Trend Analysis (SWTA), and will facilitate the robust collection and analysis of stormwater data by the City of Yellowknife, as well as facilitate the City's completion of a revised Stormwater Management Plan (Version 5).

The Board notes and appreciates the City's diligence in addressing outstanding Licence compliance requirements. The City shall adhere to the commitments made in their responses to reviewer comments dated July 21, 2017 and January 8, 2019.

The full cooperation of the City of Yellowknife is anticipated and appreciated. If you have any questions or concerns, please contact Erica Janes at (867) 766-7466 or email ejanes@mvlwb.com.

Yours sincerely,
