Subject: MV2009L3-0007 - City of Yellowknife - Type A Water Licence Renewal Application

Valerie,

Environment Canada (EC) has reviewed the draft timeline for the above renewal application and is of the opinion that the timeline and estimated schedule appear reasonable and should provide sufficient time for our participation and reviews.

All future correspondence regarding this file for EC should be directed to Anne Wilson at anne.wilson@ec.gc.ca; please remove Mike Fournier from the distribution list.

Thank you,

Jane Fitzgerald
Environmental Assessment Coordinator
