Fax: (867) 770-4004

Dear Mr. McKee:

**Water Licence Application – Incomplete  
Municipal - Ft. Liard, NT**

Your Water Licence Application, received on September 10, 2009, has been reviewed and found to be lacking sufficient information. In order for this application to be considered complete and forwarded for review, the following information must be submitted to our office:

1. Clarification about the statement on page 9, which states, "The current system appears to have no problem meeting these requirements." This statement seems to contradict recent sampling results.
2. Clarification about hazardous waste management. It is not clear if hazardous wastes are being stored at the solid waste site. If they are, please provide a map showing where.
3. Please provide cross-sections and elevations of the sewage system.

This supplementary information must be provided within 90 days otherwise it will be assumed that you do not wish to continue processing your application. Upon receipt of this information, the application will be processed and reviewed in accordance with the *Mackenzie Valley Resource Management Act* and the *Northwest Territories Waters Act*. For further assistance, please refer to the document "Guide for Completing Water Use Applications to the Mackenzie Valley Land and Water Board" which can be found on our website at [www.mvlwb.com](http://www.mvlwb.com).

If you have any further questions, please telephone (867) 669-0506 or email [permits@mvlwb.com](mailto:permits@mvlwb.com).

Yours sincerely,

A handwritten signature in cursive script that reads "Angela Plautz".
