Sewage Effluent Discharge
Licence Number: **MV2009L3-0025**

The Hamlet of Fort Liard requests permission to perform decant from Cell #3 of the Sewage Lagoon Disposal Facilities. Our 3 lagoons are now approaching free board minimum clearance levels.

Samples of the effluent will be sent to CARO Analytical Services, June 22 to test for current contaminate levels contained in effluent.

Test results of cell #3 effluent tests will be forwarded as soon as they are received.

The decant of cell #3 will be scheduled to begin upon receipt of test results from CARO. The decant is forecast to take 5 days to complete.

Sincerely,

Alan Harris
