Hi Angela.

You are correct – the extension would not apply to the Closure and Reclamation Plan for the current site. It will remain at the 6 months prior to abandonment.

Hi Ann,

I'm just preparing my board package for the extension request for the August 5th board meeting, and after reviewing your letter again, I wanted to make sure that you need an extension for the Closure and Reclamation Plan for the current solid waste site, as the deadline for that plan is tied in with the date of abandonment and not the water licence issuance date.

Thanks,

Angela

Subject: Request for Extension - Fort Liard Water Licence

Hi Angela – attached is a letter requesting an extension to the deadlines to comply with conditions set out in Fort Liard's Water Licence in effect as of March 1, 2010.

As discussed yesterday, we understand the Board should be able to consider this at their meeting scheduled for July 22nd.

Thanks for your assistance – this will help with the coordination of the various pieces of work required to get the new landfill site constructed this season.

The amendment application will follow tomorrow.
