**Cc:** 'Keith Morrison'; Heather Scott; Wendy - Inspector  
**Subject:** RE: Fort Smith - New Lagoon Memo and Sewage Improvement Plan

Hi Jason,

Thank you for informing me of the delay regarding the Sewage Treatment Improvement Paper (STIP). In discussions amongst Board staff, we have determined that the Ammonia Discussion Paper (D.13 and Schedule 2, item 3 of the Licence) should go to the Board for a decision prior to Fort Smith submitting the STIP, as the STIP is to be based on the Ammonia Discussion Paper as well as any direction provided by the Board (as per D. 14 of the Licence).

We hope to present the Ammonia Discussion Paper to the Board at their May 21<sup>st</sup> meeting. So please hold off on submitting the STIP for now. The Board will issue their decision within a few days of the Board meeting.

Please let me know if you would like to discuss this further.

Thanks,  
Miki

Miki,

The Memo for the Relocated Lagoon and the Sewage Improvement Plan for Fort Smith are not complete yet, though I am actively working on them. I apologize for missing the extension deadline, and am endeavoring to have these done as soon as possible. Keith is travelling most of this month, but will review the documents when they are complete. I expect these should be submitted by the end of the month – though if everything goes well it would be significantly sooner than that.

Regards,
