**Subject:** Re: MV2012C0009 Environmental Inspection Report  
**Date:** Friday, May 03, 2013 10:24:05 AM

---

Nahum and Clint;

Is there any chance that there is an acceptable incinerator that is not of such a size as this one? This is expensive, very difficult to move and in a lot of ways not very exploration efficient. Just asking for the reason that these appear to me to be far above what should be required for incineration of garbage, etc.

Cheers, Gary.
