**ATTENTION: Marc Casas**

Dear Mr. Casas:

**Re: LUPA MV2012J0017 – Redbed Resources Corp.  
Camp and geological exploration  
Coates Lake Area**

Aboriginal Affairs and Northern Development Canada (AANDC) reviewed Land Use Permit Application MV2012J0017 and recommend the issuance of the permit.

The draft land use permit was reviewed by our Inspector, Laurie Ozmun, and her recommendations were forwarded to you under separate cover on June 28, 2012, using the excel spreadsheet. With the incorporation of the recommended land use operating conditions, the potential for environmental impacts to the area should be mitigated.

Comments received from Land Administration indicate to us that there are no concerns with the camp location, however, in Quad 95 L/15, there is a Reserve granted to the GNWT (95L/15-1) and in Quad 95 M/2, there is a Lease granted to Redstone Trophy Hunts Ltd. (95M/2-2).

Thank you for the opportunity to comment on this application. Should you have any questions or concerns regarding our comments/recommendations, or require further information, please contact our Inspector, Laurie Ozmun at (867) 695-2626 or Rob Walker at (867) 874-6994.

Yours truly,

Scott Stewart  
Acting District Manager  
South Mackenzie District
