Thanks Adrian. I found the attached document on the public registry with details on the status. In future, it would be very helpful to be copied on this typed of correspondence please.

Please advise on the current status of the work, the webcam, and all the monitoring stations. Thanks.

Kevin O'Reilly  
Alternatives North

PS Tyree, please filed this e-mail and any response from AANDC on the public registry. Thank you.

> Kevin,

>

> The roaster deconstruction didn't start today it was an anticipatory start date assuming all of the monitoring stations were up and running. We are still outfitting the stations and should

have them operational in the next day or so. The roaster deconstruction will then begin.

>

> The webcam is in place and Parsons has been working out some bugs in the system. It should be 'live' in the next couple of days.
