Hi Adrian,

I have reviewed the comments made by various organizations as well as the responses from your team. I do have a few questions to help clarify a few items.

- 1) Alternatives North 2 – what is the reasoning as to why AANDC can't perform more frequent inspections? (i.e. every three days)
- 2) Alternatives North 3 & North Slave Metis Alliance 1 – when will the “temporary” arsenic impacts waste be at its final destination?
- 3) Alternatives North 7 – please provide dates as to when the contract was tendered and when the contract was awarded.
- 4) Alternatives North 10 – how will the tarping materials be cleaned? What are the standards for decontamination?

Your timely response is anticipated.

Regards,

**Tyree Mullaney**
