> I am compiling comments for Alternatives North on the Revised Roaster Waste Management Plan. The table in the submission package to the MVLWB found at:

> The unnumbered table that appears as pdf page 58 contains comments collected from YKDFN and AN from a letter circulated by AANDC on November 13, 2013. It is missing the full comments from YKDFN for comments 1 and 2. Please provide a revised table that shows the full comments from YKDFN as soon as possible so we can meet the comment deadline from the MVLWB of January 23, 2014. Thank you.
