Dear Mr. Webb:

**Land Use Permit Amendment Request – Incomplete
Mineral Exploration - Mon Gold Property**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) received your request to amend Land Use Permit MV2013C0021 on November 29, 2018. Your request has been reviewed and found to be lacking sufficient information to determine whether or not a preliminary screening is required. As per paragraph 22(1)(a) of the Mackenzie Valley Land Use Regulations (MVLUR), this application is being returned. In order for this request to be considered complete and forwarded for review, the following information must be submitted to our office:

1. Evidence or documentation that show that the new claim area(s) (NDM 1, NDM 2, and NDM 3) were included in the original application and preliminary screening. Clarification provided on application MV2013C0021 explained that:

All work except for access will be on the Mon Leases listed below¹:

Lease	Location	Owner
ML3004	85J16	New Discovery Mines Ltd.
ML3005	85J16	New Discovery Mines Ltd.
ML3006	85J16	New Discovery Mines Ltd.
ML3007	85J16	New Discovery Mines Ltd.
ML3008	85J16	New Discovery Mines Ltd.
ML3009	85J16	New Discovery Mines Ltd.
ML3010	85J16	New Discovery Mines Ltd.
ML3011	85J16	New Discovery Mines Ltd.
ML3012	85J16	New Discovery Mines Ltd.
ML3013	85J16	New Discovery Mines Ltd.

¹ [New Discovery Mines Ltd. Response to Incomplete Application Letter](#), Feb 4, 2014

ML3014	85J16	New Discovery Mines Ltd.
--------	-------	--------------------------

The listed leases do not include the area identified as NDM 1, NDM2 or NDM 3.

2. As per section 26(2) of the MVLUR,
 - a. the conditions you wish to amend;
 - b. the nature of the proposed amendments; and
 - c. the reasons for the proposed amendments.

This information should be provided in one updated submission that accurately reflects the activities and the location(s) of all activities proposed under this amendment request.

3. A summary of updates to any plans, programs or reports required by Land Use Permit MV2013C0021 which may be affected by this amendment. This will include an updated project location map for each plan showing the location of existing and proposed activities, additional information about the location of hazardous materials stored or used on-site to support the proposed drilling activities; and the location of any waste management activities associated with the new drilling locations. Updated Plans should also be included.
4. An update of the project status and the amount of time the activities are being applied for, including the time of year the proposed activities are planned to occur, or other pertinent schedule. The original Land Use Permit Application refers to project phases. Please provide a summary of the work completed under Permit MV2013C0021 to date.
5. Predicted environmental impacts and proposed mitigations to minimize potential effects for the proposed activities.
6. A summary of plans for closure, reclamation, and restoration.
7. A breakdown by water source, any amounts of water to be used for the proposed activities.

Upon receipt of this information, the amendment request will be reviewed in accordance with the *Mackenzie Valley Resource Management Act*. For further assistance, please refer to "Guide To Completing Land Use Permit Applications to the Mackenzie Valley Land and Water Board" available on our website at www.mvlwb.com under "Apply for Permit/Licence" and "Forms and Guides".
