Dear Mr. Webb:

**Land Use Permit Amendment Request – Incomplete  
Mineral Exploration - Discovery Lake, NT**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) received your request to amend Land Use Permit MV2013C0021 on October 17, 2018. Your request has been reviewed and found to be lacking information to conduct a preliminary screening as per paragraph 22(1)(a) of the Mackenzie Valley Land Use Regulations (MVLUR). In order for this request to be considered complete and forwarded for review, the following information must be submitted to our office:

1. Details regarding engagement specific to this amendment application. Your most recently approved Engagement Plan identifies and lists potential affected parties, specifically, the Tlicho Government, Akaitcho IMA Office, Yellowknives Dene First Nation, and North Slave Metis Alliance. Please ensure pre-submission engagement, specific to this amendment application, is carried out for all affected parties.

Additional information can be found on our website: [Engagement Guidelines for Applicants and Holders of Water Licences and Land Use Permits](#);

2. Please provide further details on the proposed trail, including but not limited to: the type of trail/road (ie. winter/all season); equipment to be used and/or transported on the trail, including size and weight specifications; the length and width of the trail footprint; details regarding any additional fuel storage for equipment; any notable land or ecological features; details on water withdrawal sources, volumes and use. Additionally, a more detailed map of the trail/road would be appreciated.
3. In addition to your indication that New Discovery Mines Ltd. believes they should be exempt from preliminary screening, please indicate under which legislation you are requesting exemption.

4. Board staff encourage you to use the attached worksheet to calculate and provide a closure and reclamation cost estimate for the activities and land use described in your amendment application.

Upon receipt of this information, the amendment request will be reviewed in accordance with the *Mackenzie Valley Resource Management Act*. For further assistance, please refer to "Guide To Completing Land Use Permit Applications to the Mackenzie Valley Land and Water Board" available on our website at [www.mvlwb.com](http://www.mvlwb.com) under "Apply for Permit/Licence" and "Forms and Guides".

If you have any questions or concerns, please contact me at (867) 766-7470 or email [kleach@mvlwb.com](mailto:kleach@mvlwb.com).

Yours sincerely,

Kierney Leach  
Technical Regulatory Specialist
