I am requesting that you arrange a meeting with us and the appropriate Government and MVLWB people

We do understand that you do not make rules and that you apparently have no discretion on enforcement

Please advise

Good day Gary,

Inspectors do not have the authority to amend permit conditions as our role is to enforce the permit and regulations. The authority to amend Land Use Permit MV2013J0006 can only be authorized by the Mackenzie Valley Land & Water Board. For your reference, Section 26(2) of the *Mackenzie Valley Land Use Regulations* allows for permit amendments by the Board and states:

- **26(2)** Subject to subsections (4) and (5), the Board may amend any of the conditions of a permit on receipt of a written request from the permittee setting out
 - (a) the conditions that the permittee wishes to have amended;
 - (b) the nature of the proposed amendment; and
 - (c) the reasons for the proposed amendment.

You may contact the Mackenzie Valley Land & Water Board directly to initiate the amendment process for LUP MV2013J0006.

Joseph

We would like to meet with you and representatives from MVLWB to discuss the conditions of the LUP

We have been operating the lodge since 1989 and the times and seasons vary as we have customers or uses

We operated last July and again in September and now in February and we have some wolf hunters coming in March along with a supply run we will be operating next summer and fall as we have use

With all due respect the condition that you now state that we have contravened should be amended to grandfather our accommodations and tourism lodge operations

Please advise

Gary Jaeb

Good day Gary,

We conducted an inspection of Mackay Lake Lodge on February 7th, 2017 and the report is attached. Please contact us if you have any concerns. Thank-you.
