Safaris Ltd.**

MV 2013J0006 Land use permit extension request July 8, 2018

To, The Akaitcho IMA office

Tlicho Grand Chief George Mackenzie, and Tlicho Lands protection Department

North Slave Metis Alliance

Please provide any comments and advise along with letters of support for our application to renew our land use permit.

We are planning to ask the GNWT to review why, following devolution, only some lodges require LUPs and other are “grandfather”. We believe that all lodges and tourism operators should be treated the same by the regulatory powers.

Your advice on this will be appreciated.

Please be advised that True North Safaris Ltd is requesting an extension to the Land Use Permit that was issued for Mackay Lake Lodge in 2013. True North Safaris Ltd is now the owner and operator of the company that was Mackay Lake Lodge '89 Ltd. The lodge was started in 1983 and was acquired from the Rocher family in 1989.

Mackay Lake Lodge continues to offer room and Board and guide services to tourist for sport fishing, aurora and wildlife viewing as part of its Tourism Operator Licenses issued by GNWT and to mining exploration companies that have their own Land Use or Prospecting licenses outside of our leases. We also offer groups, companies and Departments, our conference facility for meetings and workshops and training.

We are looking for investors and working partners.
