Hi Shelagh,

Environment and Climate Change Canada (ECCC) would like to request an additional 2 weeks from the MVLWB in order to complete a review of the materials provided for the below mentioned permits and licences. This request is based on the amount of material provided and the time that it will take departmental experts to review.

Please feel free to contact me should you require any additional information. We greatly appreciate the board's consideration on this matter.

Thanks

Bradley Summerfield
