Dear Mr. Johnson:

**Water Licence Application – Incomplete
Municipal – Fort Resolution**

Your Water Licence Application, received on May 22, 2014, has been reviewed and found to be lacking sufficient information to conduct a preliminary screening. In order for this Application to be considered complete and forwarded for review, the following information must be submitted to our office:

1. An application fee of \$30.00, made out to the **Receiver General for Canada**;
2. A summary of any engagement conducted with affected parties;
3. Spill Contingency Plan. The guideline for a Spill Contingency Plan can be found on our website at:
<http://www.aadnc-aandc.gc.ca/eng/1100100024236/1100100024253>
4. To allow for a comprehensive and efficient review, an Operations and Maintenance Plan for the water treatment plant/reservoir, solid waste disposal facility, and the sewage treatment facility is required. If you are unable to provide this information in a Plan format, please provide an explanation. The MVLWB can provide further guidance on developing the Operations and Maintenance Plan if required.

Upon receipt of this information, the Application will be reviewed in accordance with the *Mackenzie Valley Resource Management Act* and the *Waters Act*. For further assistance, please refer to the "Guide for Completing Water Use Applications to the Mackenzie Valley Land and Water Board" available on our website at <http://mvlwb.com/sites/default/files/documents/Guide-to-Completing-Water-Use-Applications.pdf> .

If you have any questions or concerns, please contact me at (867) 766-7469 or email mehrllich@mvlwb.com.

Yours sincerely,
