Re: Land Use Permit MV2014X0027

Tulita Land Corporation in there last Land Corporation board meeting had discussion on this permit extension.

We feel that this work needs to continue on restoration and erosion on all 3 areas needs to be monitored.

Reclamation of Lands should be priority for all areas and should be local hire and local environmental inspectors for Organizations in the Community.

Tulita Land Corporation agrees that this permit be given an Extension of 2 years to the existing Land use Permit MV2014X0027.

Sincerely,

Clarence Campbell
President
