Dear Mr. Ogilvie:

**Tailings and Soil Containment Area – Final Detailed Construction Plan – Accepted  
DIAND-CARD – Gordon Lake Group Remediation Project**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) met on February 13, 2018 to review your Tailings and Soil Containment Area – Final Detailed Construction Plan, which was submitted under Part D, condition 6 of Licence MV2016L8-0006. At that time the Board acknowledged the submission and reminded DIAND-CARD that borrow materials should not be used until the technical memo regarding the geotechnical results is submitted to the Board, as described in the Plan and required by Schedule 2, item 1 of Licence MV2016L8-0006. Board staff were to conduct a conformity check of the technical memo and to contact DIAND-CARD to confirm material acceptability, prior to its use.

This technical memo was received by the Board on March 2, 2018, after which Board staff confirmed concordance. This letter hereby confirms that the information requested in the February 13, 2018 letter have been addressed, and the Tailings and Soil Containment Area – Final Detailed Construction Plan has been accepted.
