Good Afternoon All,

The Mackenzie Valley Land and Water Board (MVLWB) staff invite reviewers to the Gordon Lake Group (GLG) Remediation Project - Technical Workshop, being held on September 15th 2016. The Agenda for the Technical Workshop, along with further information on goals and objectives is attached above.

For those attending, please have your primary questions prepared, and please submit them to Kierney Leach at kleach@mvlwb.com by September 9, 2016 @ 3pm MST to help inform the Agenda and meeting direction. For those joining via teleconference, please email the address above for call-in details.

I would also like to remind reviewers that the ORS review comment deadline for the Gordon Lake Group (GLG) Remediation Project applications has been extended to after the Technical Workshop, and is now September 20th, 2016 at 5pm MST. However, as mentioned above, please have primary questions and comments prepared by September 9th for an informal submission.

For those planning to attend in person or via teleconference, please **RSVP to Kierney Leach by Friday September 2, 2016.**

Regards,

Kierney Leach B.Sc., M.Eng

Technical Workshop

**Gordon Lake Group Remediation Project – Indigenous and Northern Affairs Canada –
Contaminants and Remediation Division (INAC-CARD)
MV2016L8-0006 & MV2016X0021**

Date:

September 15, 2016
9:00am start time

Location:

To Be Determined, Yellowknife, NT

For those joining via teleconference, please email Kierney Leach at kleach@mvlwb.com for call-in details.

*Reviewers, please have your primary questions prepared, and if possible please submit them to kleach@mvlwb.com by September 9, 2016 @ 3pm MST to help inform the Agenda and meeting direction.

Purpose:

This technical workshop is being held as part of the land use permit and water licence application process for the Gordon Lake Group (GLG) Remediation Project. The workshop is meant to provide a forum where the proponent (INAC-CARD) can present an overview of the GLG Remediation Project to interested parties.

This workshop will provide an opportunity for parties to pose and discuss their technical comments and questions about the applications directly with the proponent and its consultants. It is the Board staff's hope that such a discussion, as facilitated by Board staff, will increase each party's understanding of the issues as well as of the perspectives of others. The goal is to foster a better understanding of the GLG project for Board staff and reviewers prior to the submission of comments and recommendations on the record, and prior to the distribution of a draft land use permit and draft water licence for review. The draft land use permit and draft water licence will be distributed for review following the workshop and application review period.

Please note that the technical workshop will not be transcribed and Board members and their legal counsel will not be participating. The intent is that the workshop be as informal as possible in order to promote discussion and inform the draft land use permit and draft water licence that will be circulated for review.
